Compass Academy Board January Internal Review and Data Report

COMPASS ACADEMY
Where Learners & Leaders Grow

Short-Term Headlines

Strategic Priority	Status	Key Progress	Current Needs
Data Cycles		Data cycles and aligned coaching being utilized consistently in ELA and Math	Follow-through on the Action Items determined during December's internal review should improve PLT spaces.
Literacy		Identified key actions to improve PLT spaces through CY support, technology usage, and additional literacy-based resources for teachers.	Implementation of CY supports during PLT (within focus lists) needs finalized, and resources to be gathered and provided to teachers prior to January Internal Review meeting.
Math		Math teacher team is committed to ANet coaching and curriculum improvement and is improving.	More focus is needed in constructed response (writing) for math.
Attendance		Teachers perform a deep dive with teachers around attendance data monthly. Large grade level and whole-school campaigns indicate slowing of attendance declines and improvement in 80-89% Tier.	Tier 2 and 3 supports for chronic attendance students remain a challenge, but recent shifts in the Diverse Learner/Wellbeing team will allow for greater bandwidth for these students starting in January.
Culture		Reorganization of Diverse Learner and Wellbeing responsibilities and caseloads will permit efficiency and focus.	Additional support for culture/trauma support is needed for both administrators and for teachers.

Overarching Priority 1: Data Cycles and Coaching

Metrics for Strategy's Success (with status):

1. All prioritized standards and instructional strategies determined through our data cycle are occurring in 80% of observed spaces. ●

Key Support Strategies (with status):

1. ANet driven PD and coaching for math/ELA teachers ●
2. Strong data cycles utilizing specific interim data ●
3. PLT/Intervention spaces support key gaps ●
4. School wide instructional approaches that support literacy ●
5. Daily expectations of PARCC assessment exposure through Do Now and Exit Ticket utilizing ANet tools for CMAS alignment. ●

Internal Review Questions to Monitor This Strategy:

1. Do we have shared clarity on the strategic priorities and major goals?
2. Are the coaching and data cycle structures in place to support our content based strategies?

Overarching Priority 1: Data Cycles and Coaching

Action Item	Status	Next Steps	Responsible	Other Notes
Launch monthly internal review process	On Track	Next meeting scheduled for Jan 28	Laura	
Confirm assessments to use to measure growth and predict performance	On Track	MAP testing shifting to spring (no winter assessment). STAR Reading implemented monthly within Science classes.	Compass Leadership / SDD	ACCESS testing throughout January. HSA administered 1/16-1/18

Priority 2: Literacy

Metrics for Strategy's Success (with status):

1. All students grow 1.5-3.5 years in reading (STAR Reading). ●
2. 80% of students hit individually determined ELA PARCC growth goal (as determined by previous performance band). ●
3. Prioritized reading strategies are being implemented in 80% of classrooms. ●

Key Support Strategies (with status):

1. ANet Partnership ●
2. Implementation of Sheltering Strategies/Close Reading Strategies/Signposts ●
3. Incorporate reading standards across content, identify groups for differentiation ● ↑
4. Lesson plan reviews for implementation of reading strategies ●
5. Multiple teachers in spaces, Spanish push-in supports, 4 kinds of PLT, ELD push-in strategy ●

Internal Review Questions to Monitor This Strategy:

1. Are students on track to meet growth targets and show improvement on state assessments?
2. Are coaching and individual support structures working and how do we know? Are we implementing with fidelity?
3. Are PD and group learning structures working and how do we know? Is ANet support working?
4. Who is performing on which standards/focus questions and what are we doing about it? Are we using interim assessment data to drive instruction across all instructional spaces at CA?
5. How well are specific interventions working? (Including push in, PLT, utilization of CY)
6. Are key instructional practices being consistently implemented in support of focus questions and standards aligned grade level appropriate instruction?
7. Is literacy and reading growth being reinforced across all instructional spaces?

Review of lesson plans in Science and Social Studies indicates increased emphasis on literacy, specifically writing. CM usage still needs improvement

Priority 3: Math

Metrics for Strategy's Success (with status):

1. 80% of students hit individually determined Math PARCC growth goal (as determined by previous performance band). ●
2. Prioritized math strategies are being implemented in 80% of classrooms. ●

Key Support Strategies (with status):

1. Consistent use of data cycle of math performance and needs utilizing ANet. ●
2. Use power standard to create a scope for Math PLT spaces. ●
3. Analyze student data to identify groups for differentiation/PLT/ Interventions. ●
4. Purchase of Math Curriculum (Connected Math) to support the implementation of philosophical approach. ●

Internal Review Questions to Monitor This Strategy:

1. Are students on track to make growth targets and show improvement on state assessments?
2. Are coaching and individual support structures working and how do we know? Are we implementing with fidelity?
3. Are PD and group learning structures working and how do we know? Is ANet support working?
4. Who is performing on which standards and what are we doing about it?
5. How well are specific interventions working? (Including push in, PLT, utilization of the City Year team)
6. Are key instructional practices being consistently implemented in support of standards aligned grade level appropriate instruction?

Math ANet performance indicates the biggest gap is in 7th grade Math. Subpopulation performance is on par with overall student performance.

Priority 4: Attendance

Metrics for Strategy's Success (with status):

1. 40-50% of students achieve 95% attendance or higher. ●
2. 75% of students achieve above 90% attendance. ●

Key Support Strategies (with status):

1. Morning Pack contains focus on Compass Points and Competency development, team-building and culture, relationship building, and an Attendance Focus. ●
2. Compass Attendance campaign ●
3. City Year focus list support ●

Internal Review Questions to Monitor This Strategy:

1. Is attendance shifting? Is chronic absenteeism decreasing? Are systems in place working and for whom?
2. Are attendance support strategies (attendance campaign) working with fidelity? How well are specific interventions working?

Not improved	44%	50%	60%	53%

No students have been held after school to make up the time they were late yet, but simply providing the letter and informing students of this potential practice had a positive impact on attendance rates.

Morning Home Visit & Pickup

Description: 106 students with attendance rates between 80-94% were given letters on 11/29 indicating that subsequent absences would require a home visit on the same day of absence. Additional letters were distributed to the same students as well as 35 additional students (143 students in total) on 12/4 and 12/14.

Tardy Sweep Description:

75 students with excessive tardies were given letters on 11/29 indicating that subsequent tardies would have to be made up after school. Add'l letters were distributed on 12/14.

Priority 5: Culture

Metrics for Strategy's Success (with status):

1. 80% of teachers observed giving instruction on personal and student brain states during the year. ●
2. Teachers will create grade level goals using HSA data and display them in classrooms/hallways. ●

Key Support Strategies (with status):

1. Provide ongoing school-wide learning and support around trauma-informed care with support from Dr. Eldridge Greer. ●
2. Collaborate around meeting unmet needs in EWI and grade level meetings. ●
3. Identify and fund additional staffing/community resources to support the Wellbeing team. ● ↑
4. Leadership team walkthroughs collecting data on level of implementation of trauma-informed care. ●

Internal Review Questions to Monitor This Strategy:

1. Is a consistent approach to trauma informed support and discipline (namely conscious discipline) being implemented across instructional spaces?
2. Are students having a positive and supportive experience with our approach to culture and discipline?
3. Are adults in the building supporting culture and discipline in the right ways? Does our approach to culture/discipline allow us to balance this priority with the others?
4. Are we increasing minutes of instruction and regulating spaces through culture and discipline approaches?

Mid-Year Survey Results indicate positive response improvement from last year in almost all categories overall

- **Belonging** (5 of 9 responses improved from last year)
 - I feel confident I will return to Compass next year.
 - I think coming to school is important.
 - I get the support I need to learn.
 - There is an adult at school who encourages and believes in me.
 - I can count on City Year to help me whenever I need it.
- **Safety** (all responses improved from last year)
- **Academic Clarity** (1 of 3 improved, 1 remained the same)
 - *Improved:* I believe that doing by best on assessments will help me show how much I've grown as a learner and leader.
 - *Remained:* In my classes, I know what I need to do and learn to be successful.
- **Overall Satisfaction** (all responses improved)
- **Program Evaluation** (all responses improved)
- **Growth Mindset** (3 of 5 improved)
 - My intelligence is something that I can't change very much.
 - There are some things I am not capable of learning.
 - If I am not naturally smart in a subject, I will never do well in it.

Behind the Scenes:

- EWI meetings (sliding students and those below 80% and 80-89%)
- Wellbeing referrals, home visits, attendance contracts, check-ins
- Teacher calls and home visits
- Admin discussions with families and students about attendance
- Robo-calls, texts and letters to families about student's attendance

Attendance Champions

Teachers claimed 15 students per grade level to closely monitor, support and champion for attendance purposes.

Teachers use a tracker to easily identify their students' progress, and teachers check-in on that progress as a group within EWI meetings.

Continuing Students	3.96	53.85
ELL	4.00	59.02
SpEd	3.76	47.43
Variance	.15	11.8

Highlights:

- Students across grades had little variation in NPS.
- Females reported much higher Belonging
- Continuing students reported challenges with Belonging (in general and in comparison to New students)

Note: Survey is a 5-pt Likert scale, where 1=Strongly Disagree, and 5=Strongly Agree. Desired score is between 4-5.

“Engaged” Students – STAR	2.88	2.02
“Opted Out” Students- STAR	2.78	13.33

Highlights:

- 6th Graders, Females, and students that “Opted Out” of the STAR Reading Test had a more positive NPS than their counterparts.
- 8th grade, Males, ELLs and SpEd students had a lower NPS.

Please Note: Growth Mindset Questions were inversely worded (a positive score is between 1-2 and not 4-5).

New Students	3.71	51.65
Cont. Students	3.83	49.35
ELL	3.88	57.77
SpEd	3.44	32.26
Variance	.44	25.51

Attendance responses have little variation based on actual student attendance except for those with exemplary attendance

Attendance (5 Qs)		
Population	18-19 Score Avg.	Net Promoter Score
All Students	3.81	48.81
6 th Grade	4.01	57.00
7 th Grade	3.68	43.26
8 th Grade	3.72	46.29
Males	3.82	49.50
Females	3.79	48.10
New Students	3.71	46.78
Cont. Students	3.90	50.96
ELL	3.93	55.97
SpEd	3.54	32.90

Attendance Tier	18-19 Score Avg.	Net Promoter Score
Below 80%	3.75	43.08
Between 80-89%	3.67	40.44
Between 90-94%	3.70	42.22
95% and Above	3.90	54.55

Highlights:

- Though 7th grade has the highest avg. attendance, they earned the lowest NPS as a grade level.
- The NPS of Continuing students may indicate that attendance campaigns over time have greater effect (vs. new students).
- Students actual attendance rates do not greatly affect responses except for students with rates above 95%.

DPS Student Satisfaction Preview

We also included 4 questions from the DPS EOY Student Satisfaction that were our worst decliners to estimate whether our scores might improve this year.

DPS Question in EOY Student Satisfaction Survey	DPS Avg. School % Positive Response (4 pt scale)	CA Mid-Year Survey % Positive Response (5 pt scale)			
		% of 4 (Pos)	% of 5 (Pos)	*Est. EOY Score	Diff. between Est. and Last Yr's Score
Discipline for those who break the rules is consistent and fair.	79.1%	33.5%	26.3%	73.3%	-5.8%
My homework is valuable and relates to what I learn in class.	68.0%	34.3%	29.2%	75.0%	7.0%
Time in class is usually spent on learning.	71.5%	31.8%	36.4%	78.4%	6.9%
The atmosphere at my school supports student learning.	83.0%	38.6%	32.6%	81.6%	-1.4%

Results: Estimates indicate that 2 of 4 of questions Compass declined most on in the 2017-18 survey are on target to improve this year. Discipline remains a challenge.

**Note:* Estimated EOY Score was calculated by totaling % of scores of 4 and 5, and including 50% of scores of 3 (or neutral scores).

COMPASS ACADEMY
Where Learners & Leaders Grow

Internal Review Overview and Progress

Purpose of Internal Review Process:

To track progress on Compass Academy Strategic Priorities and identify critical adjustments to our approach in rapid response to emerging needs. Our process follows these high level steps:

1. **Gather key data** that helps answer a set of **guiding questions on each of our strategic priorities** to assess the degree to which we are on track. **Synthesize** the most critical data that highlights new learning.
2. Facilitate **data discussions among school leadership** and determine key adjustments to strategy supports.
3. Facilitate **data discussions with teachers** utilizing new data.

Key questions discussed throughout this process:

- Is this work being consistently and faithfully implemented across classrooms/grade levels?
- How do we know we are making progress?
- Are we adjusting based upon monitoring and data?
- Is this work leading to increased student achievement?

Focus Questions

5. How well are specific interventions working? (Including push in, PLT, utilization of the City Year team)
6. Are key instructional practices being consistently implemented in support of standards aligned grade level appropriate instruction?
7. Is literacy and reading growth being reinforced across all instructional spaces?

For This Meeting

- 1. Is PLT reinforcing key literacy standard gaps? How can it better do so?**
- 2. How well are specific interventions working in PLT spaces? (Including push in, PLT, utilization of the City Year team)**

Protocol for Data Discussion and Reflection

Now

Does this feel like an accurate picture of what I see as a school leader?
Are there any surprises in the data? Unknowns? Are there bright spots in the data that provide opportunities to learn about what works?

Next

Need

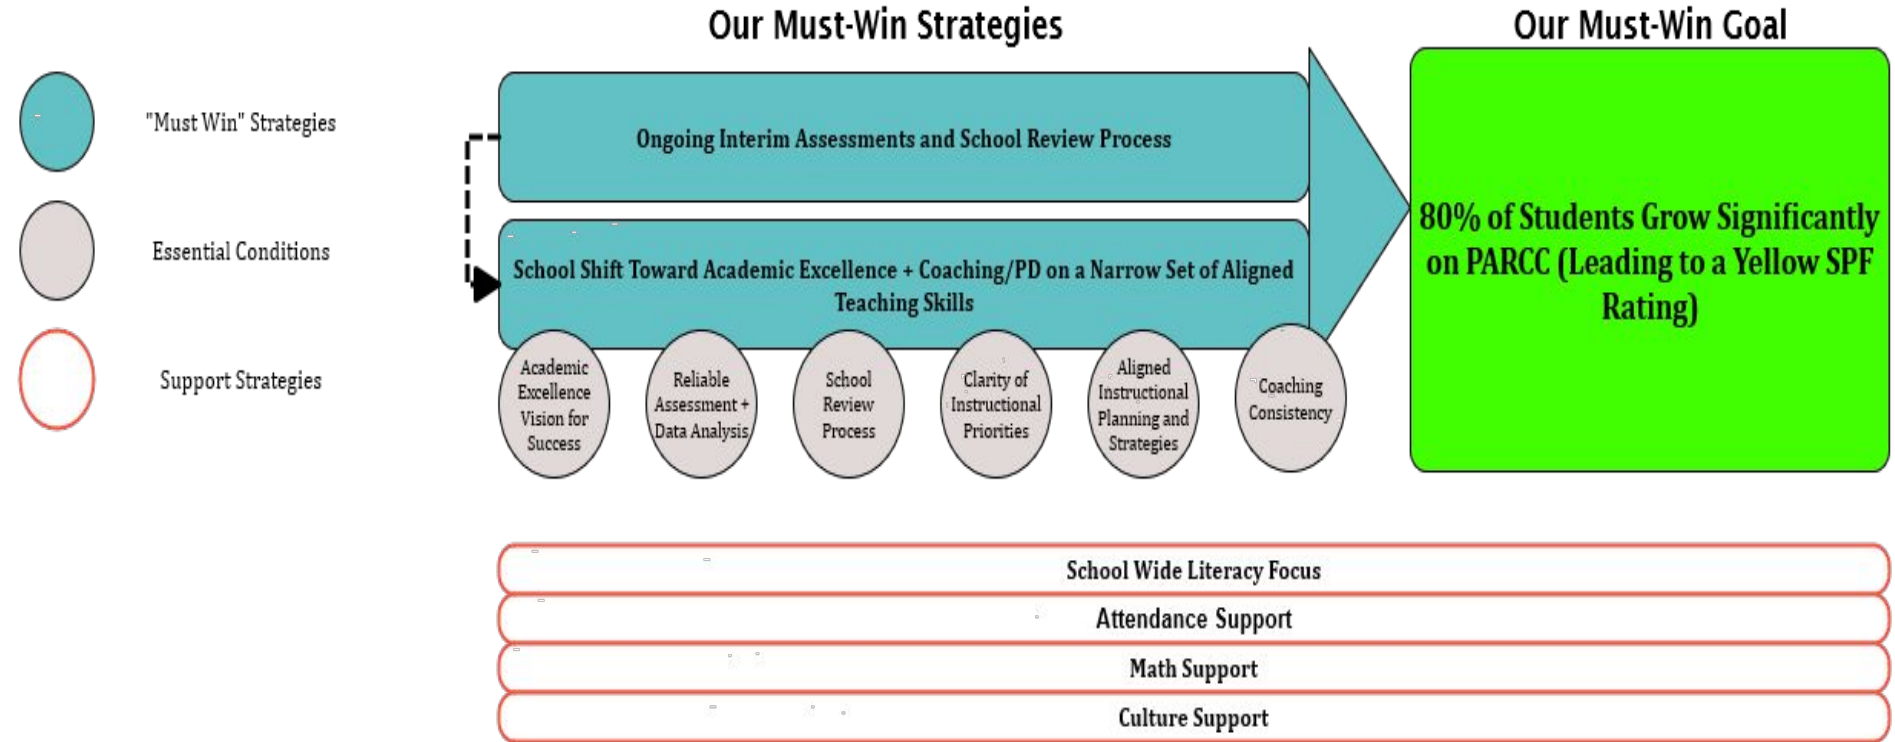

Given what we know is happening, what should we do next to get us closer to our goals in this area?
What do the data tell us about what our next steps should be?

Exactly what will be done by whom and when
Is there other information/data I would like to see or that would be more helpful?
What resources, tools, supports or plans do we need to put in place to see improvements in our work (and therefore our data)?
Is there additional guidance or training needed?

Strategic Priorities for 2018/19

Action Items & Status from Prior Meeting

Action Item	Owner	Due Date	Notes	Result
Consider communication about Star test with kids and the importance of the assessment	Denise and Brandon	Before 2/15 – next Star test	Denise is putting student test incentives in place.	New STAR results to be reviewed by teachers during PD 12/17. Test incentives (growth) crafted by ELA teachers.
Identify kids who dropped significantly in Star results and discuss in Pack	Teachers	11/12/18	Denise in PD today (11/12)	STAR results reviewed with teachers during PD. Transferring future reviews of student growth to ELA classes (with student reflection immediately after test)
Look for other ways of measuring/collecting literacy integration in science classrooms.	Brandon will talk to Alex	11/30/18	Lesson plans are not the right place to look—Ask Alex, focus on writing for mastery – highlight in green?	Brandon talked with Sci lead about writing push and availability of Sci lesson plans for review. Following slides detail lesson plan review results.
Meet with sci and ss leads about implementing writing to demonstrate mastery of content	Brandon	12/7/18	This is another way to integrate the literacy push into science and social studies.	Brandon met with leads individually and all Sci/SS were included in Writing-focused PD.
Work with science and ss teachers – need to re-circle on summer PD strategies	Denise and Brandon	12/7/18	Close reading and text choices/use of text.	Done?
Norming around writing conventions/strategies	Brandon	12/7/18		Writing-focused PD on 11/26
December focus on science and social studies improvements	All	Week of December 17	Nate will follow up with Denise about topics.	PLT focus with data updates and follow-up on committed action items

Overarching Priority 1: Data Cycles and Coaching

Metrics for Strategy's Success (with status):

1. All prioritized standards and instructional strategies determined through our data cycle are occurring in 80% of observed spaces. ●

Key Support Strategies (with status):

1. ANet driven PD and coaching for math/ELA teachers ●
2. Strong data cycles utilizing specific interim data ●
3. PLT/Intervention spaces support key gaps ●
4. School wide instructional approaches that support literacy ●
5. Daily expectations of PARCC assessment exposure through Do Now and Exit Ticket utilizing ANet tools for CMAS alignment. ●

Internal Review Questions to Monitor This Strategy:

1. Do we have shared clarity on the strategic priorities and major goals?
2. Are the coaching and data cycle structures in place to support our content based strategies?

Priority 2: Literacy

Metrics for Strategy's Success (with status):

1. All students grow 1.5-3.5 years in reading (STAR Reading). ●
2. 80% of students hit individually determined ELA PARCC growth goal (as determined by previous performance band). ●
3. Prioritized reading strategies are being implemented in 80% of classrooms. ●

Key Support Strategies (with status):

1. ANet Partnership
2. Implementation of Sheltering Strategies/Close Reading Strategies/Signposts
3. Incorporate reading standards across content, identify groups for differentiation ●
4. Lesson plan reviews for implementation of reading strategies ●
5. Multiple teachers in spaces, Spanish push-in supports, 4 kinds of PLT, ELD push-in strategy ●

Internal Review Questions to Monitor This Strategy:

1. Are students on track to meet growth targets and show improvement on state assessments?
2. Are coaching and individual support structures working and how do we know? Are we implementing with fidelity?
3. Are PD and group learning structures working and how do we know? Is ANet support working?
4. Who is performing on which standards/focus questions and what are we doing about it? Are we using interim assessment data to drive instruction across all instructional spaces at CA?
5. How well are specific interventions working? (Including push in, PLT, utilization of the City Year team)
6. Are key instructional practices being consistently implemented in support of focus questions and standards aligned grade level appropriate instruction?
7. Is literacy and reading growth being reinforced across all instructional spaces?

Priority 3: Math

Metrics for Strategy's Success (with status):

1. 80% of students hit individually determined Math PARCC growth goal (as determined by previous performance band). ●
2. Prioritized math strategies are being implemented in 80% of classrooms. ●

Key Support Strategies (with status):

1. Consistent use of data cycle of math performance and needs utilizing ANet. ●
2. Use power standard to create a scope for Math PLT spaces. ●
3. Analyze student data to identify groups for differentiation/PLT/ Interventions. ●
4. Purchase of Math Curriculum (Connected Math) to support the implementation of philosophical approach. ●

Internal Review Questions to Monitor This Strategy:

1. Are students on track to make growth targets and show improvement on state assessments?
2. Are coaching and individual support structures working and how do we know? Are we implementing with fidelity?
3. Are PD and group learning structures working and how do we know? Is ANet support working?
4. Who is performing on which standards and what are we doing about it?
5. How well are specific interventions working? (Including push in, PLT, utilization of the City Year team)
6. Are key instructional practices being consistently implemented in support of standards aligned grade level appropriate instruction?

Priority 4: Attendance

Metrics for Strategy's Success (with status):

1. 40-50% of students achieve 95% attendance or higher. ●
2. 75% of students achieve above 90% attendance. ●

Key Support Strategies (with status):

1. Morning Pack contains focus on Compass Points and Competency development, team-building and culture, relationship building, and an Attendance Focus. ●
2. Compass Attendance campaign ●
3. City Year focus list support ●

Internal Review Questions to Monitor This Strategy:

1. Is attendance shifting? Is chronic absenteeism decreasing? Are systems in place working and for whom?
2. Are attendance support strategies (attendance campaign) working with fidelity? How well are specific interventions working?

Priority 5: Culture

Metrics for Strategy's Success (with status):

1. 80% of teachers observed giving instruction on personal and student brain states during the year. ●
2. Teachers will create grade level goals using HSA data and display them in classrooms/hallways. ●

Key Support Strategies (with status):

1. Provide ongoing school-wide learning and support around trauma-informed care with support from Dr. Eldridge Greer. ●
2. Collaborate around meeting unmet needs in EWI and grade level meetings. ●
3. Identify and fund additional staffing/community resources to support the Wellbeing team. ●
4. Leadership team walkthroughs collecting data on level of implementation of trauma-informed care. ●

Internal Review Questions to Monitor This Strategy:

1. Is a consistent approach to trauma informed support and discipline (namely conscious discipline) being implemented across instructional spaces?
2. Are students having a positive and supportive experience with our approach to culture and discipline?
3. Are adults in the building supporting culture and discipline in the right ways? Does our approach to culture/discipline allow us to balance this priority with the others?
4. Are we increasing minutes of instruction and regulating spaces through culture and discipline approaches?

City Year in PLT spaces

Priority Area	Strengths/Needs/Gaps
Scheduling Structure	CMs could be better utilized in PLT
Team Culture	Good collaboration and culture building
Tier 1 culture/behavioral support	CM support role in classes inconsistent
Tier 1 academic support	Little feedback results in lack of clarity on CM academic role in supporting academics
Tier 2 academic support (literacy focus)	Lack of alignment b/t CM and teacher, few pull-outs that are academically focused (only assignment completion)
Use of academic data & interventions	Have focus list but have not tracked
Use of behavioral data & interventions	Have focus list but tracking/dosage inconsistent
Use of attendance data & interventions	Tracking improvement needed, final focus list created but weekly check-ins not happening.

An Average Week in PLT spaces - Teacher-Informed

Intervention Reading	<ul style="list-style-type: none">- Writing workshop, silent reading- Read aloud, activity stations- Close reading- Achieve3000
Intervention Social Studies	<ul style="list-style-type: none">- Read aloud and writing- Narrative writing
Intervention Math	<ul style="list-style-type: none">- Project-based (dance) with writing component.- Reteach/makeup work- Khan Academy or Prodigy
ELD	<ul style="list-style-type: none">- Writing, editing, verbal presentation
Intervention Science	<ul style="list-style-type: none">- Read aloud

Does this match what you see in PLT spaces? Does this average week represent what happens in PLT? Does it meet the expectations or requirements for PLT as indicated to teachers?

Overall: Is PLT reinforcing key literacy standard gaps? How can it better do so?

PLT feedback from teachers

Highlights from PLT:

- *Student discussion* and engagement with material
- *Writing engagement*, time to practice more types of writing

Improvement Thoughts:

- **Smaller class sizes** to allow for more targeted interventions; more opportunities for small groups
- **More effective CY support**
- **More resources** for a variety of activities/lessons (but not every PLT be the same).
- A **school-wide system** to tell me what **work students are missing from their classes** so they can make it up
- PLTs shouldn't be interventions but should be spaces for **makeup work** to get students ready for the next day

To note: In December, STAR assessments were switched to Science classes (previously held in Social Studies classes). The increase in students opting out in 7th 8th grades may be attributed to level of classroom management and/or lack of student buy-in during that block.

80-89%	59 (was 59)
Below 80%	43 (was 48)

● 95%+ ● 90-94% ● 80-89% ● Below 80%

What the Data says:

- Students in the bottom tiers are slowly improving.
- As December progresses, Students in the top tier are falling below expectation of 95% ADA.

Attendance Breakdown by Grade & Gender

Gender Comparison by Attendance Tiers

Males struggle more with attendance than females. Females are overrepresented in the 95%+ Tier.

8th Grade is overrepresented in the Below 80% Tier.

Students are more evenly distributed by grade in 80-89% and 90-94% Tiers.

7th grade overrepresented in 95%+ Tier.

Placement of Students in Attendance Tiers by Grade

Tier Analysis - Using Attendance Data to Identify Potential Root Cause or Anticipate Future Attendance

	Below 80%	80-89%	90-94%	95%+	Comments
% of Students in same Tier last yr	48.6%	43.9%	45.5%	59.7%	Many students carry with them the attendance habits created in prior years, but at times over half of students can drop/improve tiers.
% of Students who have improved from last year's rate	28.8%	47.4%	51.2%	76.7%	
% of Students who had a Student Conference in October	35.6%	62.5%	*	*	*Did not count due to volume. Though a surprise to no one, student conferences are a good indicator as to whether attendance will be a challenge for students.

Results of Recent Attendance Initiatives - Friday Fun Day

Our attendance efforts are making a difference to students' attendance and tardy rates.

Friday Fun Day	
Tiers of Students	% of students who earned Friday Fun Day
Below 80%	20%
80-89%	52%
90-94%	79%
95%+	94%

What does this mean?

With the **right messaging, emphasis and incentives in place**, even students that significantly struggle with attendance can make improvements.

Home Visits and Tardy Letters Impact on Attendance

Home Visit Letters Results				
	6th grade	7th grade	8th grade	Overall
Improved	56%	67%	55%	59%
Not improved	44%	33%	45%	41%

Number of Actual Home Visits: 9

Number of Actual Student Pickups: 2

Despite low number of home visits and student pickups, *the increased phone calls and student notification of potential home visits* has made a positive impact on student attendance.

Tardy Letters Results				
	6th grade	7th grade	8th grade	Overall
Improved	56%	50%	40%	47%
Not improved	44%	50%	60%	53%

No students have been held after school to make up the time they were late yet, but simply providing the letter and informing students of this potential practice had a positive impact on attendance rates.

2019 High Level Compass Strategy

High Level Process for Strategy Work:

1. Get all key stakeholders aligned on our most critical needs.
2. Build out solution models to explore with stakeholders.
3. Decide on key strategy:
 - a. School leadership/SDD engagement
 - b. Simultaneous admin and board exec. engagement
 - c. Compass board engagement
 - d. Teacher, family, other stakeholder engagement

Areas of most critical need:

SPF Approach: The SPF may not properly capture our improvement even if growth is significant (matrix approach) and we must have a proactive strategy with the District.

- 1) Most urgent: Create high level overview of our goals for this priority (i.e. “we are ahead of what information is coming and are making proactive decisions”)
 - a) Needs to include - what is success? What is the threshold for various decisions (including surrendering charter)?
 - b) Engage board on agreeing to this plan and their role
- 2) Most urgent: Report that provides clarity around what will bring us to yellow on SPF for 1-year result
 - a) Determination of next steps with DPS Board (should we request 1-year review only or specific measure review)
 - b) Determination of additional school-level strategies and internal review efforts to meet school needs.
 - c) Clarity on what elements of SPF we can push the most urgently (parent surveys etc.)
- 3) Determine measures we feel confident we are performing in (regardless of SPF weight) that we’ll need to advocate for
- 4) Create list of stakeholders that can advocate for consideration of the measures we believe in
- 5) Engage with district and other school leaders on likely shifts to SPF (including potential shift to state SPF)
- 6) Determine key shifts to SPC process we need to advocate for the fall process

Ownership/Process:

- 1) This generally looks like our structures for renewal process (i.e. Marcia/Nate lead overall process - engage stakeholders throughout) - need to clarify exact roles
- 2) Take a moment to capture lessons learned from renewal process
- 3) Clarify systems (who shares what when etc.) based on learning

Model Clarity: We need to clarify our stance and approach on our updated model/priorities including our culture/trauma response as it relates to the high-level articulation of our true north and vision for the school. Key questions and thoughts for consideration as we engage with the Model Strategy Map:

- 1) Are we primarily a Tier 1/2 school? Are we primarily a Tier 2/3 school?

- 2) Do we stay as a stand-alone or join a network/innovation zone?
- 3) Do we work to be seen as playing a role in the zone with other school leaders?
- 4) Are there elements of design that need to be revisited based on what we have learned in the last 4 years and our context?
- 5) What does it look like to become a trauma responsive school and how committed are we to this vision?
- 6) Partner with District on the role we play in their family of schools.
- 7) Understand the impact on existing partnerships
- 8) Vet budget models
- 9) Use these decisions to drive SPF/SPC conversations
- 10) Create strategic plan aligned to model decisions

Ownership/Process:

- 1) Map of options/opportunities - complete
- 2) Engagement with slightly larger group on 12.11
- 3) Convening of Board/Leaders to review options 12.18
- 4) Project Plan and Staffing for Model Research – SDD/Marcia
- 5) Budget modeling – Marcia/G&G/SDD
- 6) Board decision timeline based on approach

Impact on Staff (Recovery for 2019-20): Our model building/turnaround efforts are extremely taxing on those that work in the school and may threaten long-term retention of staff.

- 1) What are the pros and cons for shortening the day or hours in a week?
 - a) What is best for students and how does that impact teacher sustainability?
 - b) What other structures should we consider regarding our calendar and schedule?
 - c) Do we have a consistent 5-day week and end earlier?
 - d) How might we leverage 3:00 – 4:00 in a sustainable way?
- 2) What are the pros and cons for becoming smaller over time?
- 3) Budget 5-year plan to get to a sustainable financial model based on enrollment decisions
- 4) What is the impact of the DPS teacher contract on charter salaries?
 - a) What would it take to become competitive?
 - b) What are other benefits we need to consider?

Ownership/Process:

- 1) Need to craft process and ownership in future meeting
- 2) Schedule a time for the board to vet and vote on proposed 2019/2020 changes regarding school day, staffing model, and salary schedule

Strategy Proposal for 2019-2020 School Year

Proposal Overview			Implications				
Approach	Opportunities	Threats	Enrollment	Programming	Budget	Accountability	High School
<p>2019-2020 School Year Proposed Approach</p> <p>This approach reflects a reduction in 8th grade enrollment to minimize late-transfers to Compass as well as adjustments to programming to best support the enrollment trends that the school serves a disproportionate and growing number of Tier 2/Tier 3 students.</p>	<p>Reducing the number of transfers and having better tailored programming to meet the needs of students will allow the team to focus on supporting students in a long-term and meaningful way.</p>	<p>A reduction in enrollment creates budget challenges for the school that will likely need to be addressed through private funding, reductions in costs, or both.</p>	<p>In this model there would be minor Adjustments to Enrollment (e.g., maintaining grades 6 and 7 while reducing grade 8 to 100 in order to not take on significant additional 8th grade transfer students)</p>	<p>In this model there would be minor shifts to Compass' programming to provide additional supports to students. Additionally, the team would explore other shifts that can be made based on Board approval.</p>	<p>Any reduction in enrollment would create budget gaps that will need to be addressed by the school and the Board through either cost reduction, fundraising, or both.</p>	<p>Given SPF models, it is likely Compass will receive a 2 Year SPF Orange Rating. This is likely reflective of the school being on track for 1-year Yellow performance for the 2018-2019 School Year.</p>	<p>Compass and the SDD would continue HS Design work, but opening remains dependent on SPF performance, an alternative approval from DPS, or an alternative approach for the HS.</p>
	<p>Level of Control Compass has with each Implication</p> <p>→</p>		<p>High – we can set our enrollment targets, which will limit 8th grade transfers. However, we remain subject to Choice Office enrollment policies and practices along with declining enrollment in SW Denver</p>	<p>High – we control our programming and have autonomy in a number of areas. However, we still must be reflective of DPS policies on transportation, schedules, and our shared space with Lincoln.</p>	<p>High – we control our budget and spending, however, any reduction in enrollment will create a reduction in student dollars.</p> <p>Additionally, pursuit of the HS will greatly affect the budget.</p>	<p>Limited – we are unlikely to break past a 2 Year Orange Rating based on scenario modeling of the SPF. Compass would need to achieve Green status or higher on one-year performance to achieve Yellow Status.</p>	<p>Limited/Unknown – Based on approval from the DPS Board, we must achieve Yellow on the SPF to open a HS within DPS.</p> <p>It's unknown whether an alternative approach would produce different results.</p>

Key Board Approvals that are Needed in addition to the Above Proposal

- **Trauma-Responsiveness Deep Dive** - The Compass Board will need to determine its support for a deeper dive on developing a trauma-responsive model for the school, which would start in 2018-2019 School Year with a proposal for relevant changes to the school model to be brought to the board in the 2019-2020 School Year.
- **Middle School Explorations (see Chart Below)** - The Compass Board will need to determine whether Compass Administration should explore, in addition to the above proposed shifts, opportunities for partnership at the Middle School level, including partnering with an established Charter Network, within a Zone, or with DPS in some way.
- **High School Pathways (see Chart Below)** - The Compass Board will need to determine next steps for the High School Pathways work - some which align to Middle School Explorations, as well as other alternative approaches for the future of Compass High School.

Middle School Explorations

Overview			Additional Board Considerations			
Approach	Opportunities	Threats	Effect on MS	Effect on Governance	Effect on Accountability	Effect on High School
Charter Partnership Compass MS partners more deeply with a local charter network	Access to resources and political capital	Compass may lose aspects of its identity/autonomy	Enrollment - Minimal Budget - Potential: partnership support or costs Staffing - Minimal Programming - Potential; partnership shifts	Potential; partnership could affect board structure	Potential; may have potential buffer with charter partner	HS is still possible. Likely would need to pursue similar charter partnership for HS if choosing this approach.
Role in SW Zone Compass MS partners with schools in the zone serving Tier 2/3 students	Partner schools support the role we play in the zone and our partnership is transparent to the District	May be a barrier to long-term SPF success unless District is on board with the role we play in the zone	Enrollment - Minimal Budget - Potential; zone support or costs Staffing - Same as Charter Partnership Programming - Same as Charter Partnership	Potential; partnership could affect board structure	Potential; may have potential buffer with zone	HS is still possible. Likely would need to pursue similar zone partnership for HS if choosing this approach.
DPS Partnership Compass MS Partners with DPS as a Tier 2/3 Student Demonstration Site	May alleviate accountability challenges with DPS	Compass may lose identity/autonomy	Enrollment - Minimal Budget - Minimal Staffing - Minimal Programming - Potential; DPS shifts possible	Potential; partnership could affect board structure	Potential; DPS may provide buffer for SPF challenges	HS is still possible, but it is unclear how DPS partnership would affect HS Design/implementation.

High School Pathways

Overview			Additional Board Considerations	
Approach	Opportunities	Threats	Facility	Other
Current Pathway No changes or adjustments to HS Approach	We open on our own terms and on a timeline that's reflective of strong growth in performance	Could lead to a loss of XQ support and the longer timeline and changing conditions in DPS could make waiting a risk	Building challenge remains unless there is significant enrollment shifts and DPS permission to use the Lincoln campus for a 6-12 space	We have already been approved on this pathway for a 6-12 school with performance conditions
Charter Partnership Compass HS partners more deeply with a local charter network	Access to resources and political capital	Compass may lose aspects of its identity/autonomy	Building challenge remains unless charter partner has available space.	
Innovation Zone Compass HS joins or starts a new innovation zone	Builds district buy-in and give HS more CMO-like supports for the school	May impact autonomy or current partnerships	Building challenge remains unless Innovation Zone creates new opportunities.	
Lincoln Partnership Compass partners with Lincoln to develop a shared HS program/structure	Alleviates any building challenges and ensures that we meet expectations to complete a 6-12 pathway for students	Could be a challenging partnership or require significant changes for Compass programming	No building challenge in this partnership.	
Separate Charter Compass HS charter is separated from current 6-12 charter	Potentially removes dependence on MS success in order to open HS	Does not guarantee HS charter approval by DPS or state and could take a long time for approval	Building challenge remains.	
Charter by the State Compass HS pursues a state-based charter.	Changes accountability system for the HS	Is separated from resources and supports from DPS. Many unknowns	Would likely need a private facility for the HS.	
Charter from Neighboring District Compass HS pursues charter from neighboring district.	Changes accountability system for the HS	Could have major costs due to being separated from resources and supports for DPS. Many unknowns	Building challenge remains unless buildings are available in the neighboring district.	
No High School Compass HS is indefinitely put on hold	Allows all teams to focus primarily on MS performance	No pathway for our 8th graders; Major funder and budget implications	No building challenge in this pathway	XQ Grant ends, would impact Compass budget
